

# Christmas Lights

Cimorelli

Throw a snowball at me  
Sweep me off my feet  
Nothing could be as sweet, oh yeah  
'Cause pumpkin pie is nice  
But I wouldn't think twice  
If I had to choose  
I'd choose you

Now I'm fallin' like the snow coming down  
And now I'm hopin' that I won't hit the ground  
So wrap me up like a present tonight  
Sit by the fireside, I've been waitin' all December

Come on baby, I'll be waitin' here  
You're the only thing I want this year  
Even in the dark I see a twinkle in your eyes  
So hold my hand and keep me warm tonight  
'Cause you're better than December Christmas lights

Hope I don't trip on the ice  
When I look back at you twice  
Daydreaming that it would be so nice  
If you felt it too  
'Cause candy canes are cool  
But not as sweet as you

The temperature is droppin' below  
And it's winter time but you don't gotta be so cold  
Santa Baby, I swear I've been nice  
He's the one on my list and you're checkin' it twice

Come on baby, I'll be waitin' here  
You're the only thing I want this year  
Even in the dark I see a twinkle in your eyes  
So hold my hand and keep me warm tonight  
'Cause you're better than December Christmas lights

Picture us, you and me in a winter wonderland  
Noses are red like Rudolph's so turn the fireplace high  
Then you'll hand me a red ribbon box  
As the icicles fall, watch my heart melt for you, you, you, you

Come on baby, I'll be waitin' here  
You're the only thing I want this year  
Even in the dark I see a twinkle in your eyes  
So hold my hand and keep me warm tonight  
'Cause you're better than December Christmas lights
