

Coming Home / Whatcha Say / Stay / Whatever You Like

Cimorelli

I'm coming home, coming home
Tell the world I'm coming home
Let the rain, wash away all the pain of yesterday
I know my kingdom awaits
And they're forgiven my mistakes
I'm coming home, coming home
Tell the world I'm coming...

I'm back where I belong

I'm back!

I never felt so strong
Feeling there's nothing I can't try
So throw your hands up in the sky
I said you can have whatever you like
I said you can have whatever you like
I said you can have whatever you like
Yeah

Cimorelli

I was so wrong for so long
Only try to please myself
I was caught up in his lust
When I don't really want no one else
Ohh no

I know I should've treated you better
But me and you are meant to last forever
So let me in give me another chance
To make you my man

When the roof caved in and the truth came out
I just didn't know what to do
But when I become a star
We'll be livin' so large
I'll do anything for you
So tell me boy

Mmm whatcha say
Mmm that you only meant well?
Well of course you did
Watcha say
Mmm this is all for the best
Because it is
Watcha say
Ooh that is just what we need
You decide this
Watcha say
Ooh what did she say?
How could I live with myself
Knowing that I let our love go

Love go

And who what I do with one chance
I gotta let you know

I know what I did wasn't clever
But me and you are meant to be together
So let me in
Give me another chance
To make you my man

When the roof caved in and the truth came out
I just didn't know what to do
But when I become a star
We'll be living so large
I'll do anything for you

Cause I loved you more
Than I did before
And if today I don't see your face
Nothing's changed
No one can take your place
It gets harder everyday
Say you love me more
Than you did before
And I'm sorry it's this way
But I'm coming home
I'll be coming home
And if you ask me I will stay

I'm coming home
I'm coming home
Tell the world I'm coming home
Let the rain wash away
All the pain of yesterday
I know my kingdom awaits
They've forgiven my mistakes
I'm coming home I'm coming home
Tell the world I'm coming home

But when I become a star
We'll be living so large
I'll do anything for you

Cause I love you more
Than I did before
And if today I don't see your face

Let the rain wash away
All the pain of yesterday

Say you love me more
Than you did before
And I'm sorry it's this way

I'm coming home
I'm coming home
I'll be coming home
Tell the world I'm coming home
And if you ask me I will stay
I will stay
Mmm watcha say
Tell the world I'm coming home
I will stay
Mmm watcha say
Tell the world I'm coming
