

don't think about it

Cimorelli

If I just push him out of my head,
I think that I could forget,
I won't think about him, not even once,
Oh I'll just push him out of my head,

It'll feel like we never met,
I'll erase every word you said,
I won't think about him, I won't even try,
It'll be like we never met,

And I... I'll forget.

The sound of his laugh, the way that he smiles,
The things that he said with those perfect brown eyes,
The way that I feel when he looks right at me,
I just don't think about it, I just won't think about him,

All of those things he said,
I'll pretend like it never happened,
I won't feel a thing, no I won't even cry,
Over all of those things he said,

Cause I... I'll forget.

The sound of his laugh, the way that he smiles,
The things that he said with those perfect brown eyes,
The way that I feel when he looks right at me,
I just don't think about it, I just won't think about him,

I just don't think about him,
I just don't think about him,
I'll just push him out of my head,

I'll forget!
The sound of his laugh, the way that he smiles,
The things that he said with those perfect brown eyes,
The way that I feel when he looks right at me,
I just don't think about it, I just won't think about him.
