

Finesse (Parody)

Cimorelli

I don't get it

Yeah, me either
They seemed so cool
When they asked us to meet them

I was straight stunting
Couldn't tell me 'nothin'
Then they walked up and changed the game

Yeah, like didn't open any doors
Didn't ask me any questions

He showed up twenty minutes late
Completely disrespectful

I really thought this would be different
I'm done looking for love

'Cause they're all just jerks!

Like hey
He's flexin on the gram
So lame

And he kinda smelled like ham

No way
Not today
He think he dripping in finesse and getting paid

Ooh, we'll get through this together

There's a reason for all those Mr. wrongs

Yeah, won't be like this forever

In the end these heartbreaks will make you strong

Are you sure that's true?

Only one of you's engaged

And the rest of you

Have been single since like the ice age

What?

You know, she's not wrong

Guys, you just need some confidence

Or maybe some deodorant

All that matters is what's inside

Yes, Katherine

That's right
You're out here dripping in finesse

That don't make no sense

Out here dripping in finesse

You know it
You know it

You're out here dripping in finesse

Out here dripping in finesse

You know it
You know it

Now slow this down for a minute

Yeah, you're still young
You know you still got so much time

You're smart
And you've got good credit scores

What?

Okay, yeah, maybe you're right

Yeah, I always got you

We're gonna be okay

No matter what
It's true

Nobody can take that away

We've got so much confidence

Who cares we don't have boyfriends yet

I'm engaged

Okay, you took it too far this time

We out here dripping in finesse

It don't make no sense

Out here dripping in finesse

You know it
You know it

We out here dripping in finesse

It don't make no sense
