

Blue, the colour of your eyes and all I see  
When I look up at the skies  
I think of you driving me in your car  
It's been so long, it's been so long

You said "Don't wait up for me baby"  
But you know I'll wait forever  
Nobody else makes me crazy  
You know there's no one better

Baby I adore you, like the sand loves the sea  
Cause compared to everyone before you  
They're the stars but you're the galaxy  
Baby you're my galaxy

Cold, the air that first night we snuck out and saw  
Those constellations beautiful as you  
I didn't think I'd fall so hard so fast  
I thought it wouldn't last

So tell me do you think of me  
When it's late at night and you can't sleep  
Do you know it gives me anxiety  
When you're gone it feels like I can't breathe

You said "Don't wait up for me baby"  
But you know I'll wait forever  
Nobody else makes me crazy  
You know there's no one better

Baby I adore you, like the sand loves the sea  
Cause compared to everyone before you  
They're the stars but you're the galaxy  
Baby you're my galaxy

I know there's billions of stars in the universe  
An those stars make galaxies, so much bigger than us

The past is gone and the days are long and you and I won't last  
Unless you face the fact that you're just a boy and I'm just a girl  
But somehow you became my whole world

So don't wait up for me baby  
You don't have to wait forever  
I'm yours, I know that I'm crazy  
But I know there's no one better

Baby I adore you, like the sand loves the sea  
'Cause compared to everyone before you  
They're the stars but you're the galaxy  
Ooohh, baby you're my galaxy  
Ooohh, baby you're my galaxy  
Ooohh
