

I Am Enough

Cimorelli

I don't need you to praise me
I don't need to prove my worth
The sun goes down and comes back up
I'm still alive
And I am enough

I don't need to impress you
I don't need to win your love
No one else completes my life
I'm just a girl
And I am enough
To everyone that says I'm beautiful
To every man that gave me up
If everybody cares or hates my guts
It's all the same
I am enough

I don't need you to love me
I don't need you to talk me up
My heart still beats when you don't see
All that I do or all that I want

Cause I'll never win
I'll never be the best
There will always be something hanging over my head
But I let it go and my life goes on
I still exist
And I am enough

To everyone who says I'm beautiful
To every man that gave me up
If everybody cares or hates my guts
It's all the same
I am enough
For all the people who don't like my hair
And all the ones who build me up
For all the love and hate that's come my way
I'll be okay
I am enough

When I'm weak or strong
I am enough
If I'm right or wrong
I am enough
If I stand or fall
I am enough
If I lose it all
I'm still enough

I don't need to show you
I don't need to prove you wrong
On your team or all alone
I'll be okay
I am more than enough

To everyone that says I'm beautiful
To every man that gave me up

If everybody cares or hates my guts
It's all the same
I am enough
For all the words they said that cut me down
And all the ones who gave me up
No one can dim my light
Or shut me down
I'm still alive, and I am enough

I'm doing fine
I am enough
I'm just a girl
And I am enough
I'll be okay
I am enough
I am strong
And I am enough
