

Miles Away

Cimorelli

You got the best part of me with you
There's no hole in me, no one else to fill.
I know that all the wishing in the world,
Couldn't bring you here
Come on, let's be real

And all these time
I try to fake a smile
But I can't fake it
And all the wild light
Tryna take it slow
But I can't take it

Miles away
And I just wanna be with you
Shy to be where you are
Miles away
And there's nothing I could do
You're like a distant star
Miles away

It's so strange to hear about your new life
When we used to be together all the time
When you went away
You left your footprints
On the front door
And see your drops in the ice

And all these time
I try to fake a smile
But I can't fake it
And all the wild light
Tryna take it slow
But I can't take it

I can't take it

Miles away
And I just wanna be with you
Shy to be where you are
Miles away
And there's nothing I could do
You're like a distant star
Miles away

Miles away
You don't even know
What you're doing to me
What you're doing to me

Miles away

Miles away
And I just wanna be with you
Shy to be where you are
Miles away
And there's nothing I could do

You're like a distant star
Miles away
And I just wanna be with you
Shy to be where you are
Miles away
And there's nothing I could do
You're like a distant star
Miles away
