

Never Let Me Fall

Cimorelli

Here I am again
It's three in the morning
And I've fallen so hard I can't get back up again
What is this feeling?
It's like I feel so much that I can't feel anything
I can't remember the last time everything was alright
I need some shelter from the storm inside

And life is so lonely but I am not alone
And that is the only thing I know for sure

So I fall to my knees
Tears falling down my cheeks
I can't believe you give it all up for me
And I will rest in your peace
Cause you're never gonna leave
You lift me up, you're with me through it all
You'll never let me fall
No you'll never let me fall

No I don't understand why this is in your plan
I know there's a reason
Something you're teaching me
And I will not give in this time

You will not abandon me
You have not forsaken me
You won't give me anything I can't handle
You will always set me free

So I fall to my knees
Tears falling down my cheeks
I can't believe you give it all up for me
And I will rest in your peace
Cause you're never gonna leave
You lift me up, you're with me through it all
You'll never let me fall
No you'll never let me fall

When I have nothing left to give
I will give it all to you
Lord you are my saviour
My comfort, redeemer in light
I will journey through the storm
I will walk through the fire
Because
You are the strength in me
Lord you are the strength in me

So I fall to my knees
(Fall to my knees)
Tears falling down my cheeks
(Tears falling down my cheeks)
I can't believe you gave it all up for me

And I will rest in your peace
Cause you're never gonna leave

You lift me up, you're with me through it all
You'll never let me fall
No you'll never let me fall

And I will never walk alone
You are my only hope
You are the strength in me

You pick me up before I fall
Always there when I call
You're with me through it all
You'll never let me fall
