

## Praying

Cimorelli

Well, you almost had me fooled  
Told me that I was nothing without you  
After everything you've done  
I can thank you for how strong I have become

'Cause you brought the flames and you put me through hell  
I had to learn how to fight for myself  
And we both know all the truth I could tell  
I'll just say this is I wish you farewell

I hope you're somewhere praying, praying  
I hope your soul is changing, changing  
And I hope you find your peace  
Falling on your knees, praying, praying

I'm proud of who I am  
No more monsters, I can breathe again  
And you said that I was done  
You were wrong and now the best is yet to come

'Cause I can make it on my own  
I don't need you, I found a strength I've never known  
I've been thrown out, I've been burned  
And when I'm finished, they won't even know your name

'Cause you brought the flames and you put me through hell  
I had to learn how to fight for myself  
And we both know all the truth I could tell  
I'll just say this is I wish you farewell

I hope you're somewhere praying, praying  
I hope your soul is changing, changing  
And I hope you find your peace  
Falling on your knees, praying

Oh, sometimes, I pray for you at night  
And someday, maybe you'll see the light  
Oh, some say, in life you gonna get what you give  
But some things, only God can forgive

I hope you're somewhere praying, praying  
I hope your soul is changing, changing  
I hope you find your peace  
Falling on your knees, praying
