

# Singing My Song

Cimorelli

Once upon a time  
My story started  
Not far from here  
And when you  
Came into mine  
I couldn't help but  
Want you to stay  
Our words were  
Lost in the wind on  
Once again  
You say that we're  
Wrong and i know  
That your right  
And you want me  
To just walk away  
But I can't let it  
All pass by

Oooh,You pulled me along  
Why,Don't you let me go  
Cause you are so hard to forget  
When you're singing my  
song so sweetly now  
Oooh,So sweetly now  
Oooh,so sweetly now

And when thing's go right  
I can't help but think  
This is how it's supposed to be  
Every note that you sing  
Fits so perfectly  
into my song  
Our words were lost in the  
wind once again  
You say that we're wrong  
and i know that your right  
And you want me to  
just walk away  
But i can't let it all pass by

Oooh,You pulled me along  
Why,Don't you let me go  
Cause you are so hard to forget  
When you're singing my  
song so sweetly now  
Oooh,So sweetly now  
Oooh,so sweetly now

And i'm so untouched  
It's nearly possible  
to bring me back  
AND they say you're  
too good to be true  
But you're too  
untrue to be good  
And i can't sing along  
Never could

Oooh, You pulled me along  
Why, Don't you let me go  
Cause you are so hard to forget  
When you're singing my  
song so sweetly now

Oooh, You pulled me along  
Why, Don't you let me go  
Cause you are so hard to forget  
When you're singing my  
song so sweetly now  
Oooh, So sweetly now  
Oooh, so sweetly now

Your singing my song  
Your singing my song  
so sweetly now
