

## Thirst For Life

Cimorelli

There is a river flowing out from the throne of God  
And there stands a tree whose leaves are for the healing of the nations  
All who draw near to our God see the compassion in his eyes  
He says

Come to me all who are thirsty for living water  
Come to me all who are thirsty for life  
All who thirst for life  
All who thirst for life  
Come to me

There is a hope in our hearts as we join in your name  
To serve side by side through your grace  
And share this living water  
Freely we sing, freely give  
See in their eyes it is Jesus  
He says

Come to me all who are thirsty for living water  
Come to me all who are thirsty for life  
All who thirst for life  
All who thirst for life  
Come to me

Come to me  
Come to me

Oh, Jesus, you mean everything  
We join as your heads at your feet  
You are the living water that satisfies forever

Come to me all who are thirsty for living water  
Come to me all who are thirsty for life  
All who thirst for life  
All who thirst for life

Come to me all who are thirsty for living water  
Come to me all who are thirsty for life  
All who thirst for life  
All who thirst for life  
All who thirst for life

Come to me

Ooh, come to me  
Come to me, ooh
