

What I Do

Cimorelli

Ooh
Maybe I am just a little too much
Sometimes
(Sometimes)
Sometimes
(Sometimes)

Mess up my hair, yeah, I really don't care
That's right
(That's right)
That's right
(That's right)

I know you may not understand
What I do, what I do
You wonder and you ask me why...

This is what I do!
Whoa! Yeah! Ooh!
This is just me
This is what I do!
This is what I do!

I change my mind just a little too much
Sometimes
(Sometimes)
Sometimes
(Sometimes)

No matter what, I know just who I am
That's right
(That's right)
That's right
(That's right)

I know you may not understand
What I do, what I do
You wonder and you ask me why...

This is what I do!
Whoa! Yeah! Ooh!
This is just me
This is what I do!
This is what I do!

This is what I do!
This is what I do!
This is what I do!

You got to make your mark
Show everybody who you are
Stand out, be different
And when they ask you say,
This is what I...
This is what I do!
Whoa! Yeah! Ooh!
This is just me

This is what I do!
Whoa! Yeah! Ooh!
This is just me
This is what I do!
