

# You Don't Miss Me at All

Cimorelli

Ooh

It's funny how we used to talk every day (every day)  
And now you act like you don't even know me (know me)

Told you so many personal things  
You opened your heart to me  
How'd you just forget everything, everything  
Now it's so hard for me to breathe  
How'd you let go so easily  
You made it obvious to me

That you don't  
You don't  
You don't  
You don't miss me at all  
You don't  
You don't  
You don't  
You don't miss me at all  
You don't miss me at all  
You don't miss me at all

Ooh

It's funny how I think about you all the time (all the time)  
But I know the thought of me doesn't your mind (cross your mind)

Most nights I'm up losing sleep  
Now all I got is the memories  
And everything that you said to me, said to me  
I don't even know what went wrong  
Out of nowhere it's all gone  
All I know is that you don't care at all

That you don't  
You don't  
You don't  
You don't miss me at all  
You don't  
You don't  
You don't  
You don't miss me at all  
You don't miss me at all  
You don't miss me at all

Take back your words, all your time  
Even the day I met you  
Erase it all from your mind  
But you know I can't forget you  
Somewhere out there is someone I used to know  
Before it all went cold

Ooh

You don't  
You don't

You don't  
You don't miss me at all

You don't  
You don't  
You don't  
You don't miss me at all

You don't  
You don't  
You don't  
You don't miss me at all  
You don't  
You don't  
You don't  
You don't miss me at all  
You don't miss me at all  
You don't miss me at all
