

Blasphemy

Cinema Bizarre

God is dead
When someone fills your heart instead
Your soul's on fire all your needs
How can they call it blasphemy

Love is nature
So you're praying for salvation
For the hearts to understand

That is you
My new religion is you
They say this love is blasphemy
It is blasphemy-It is blasphemy
But my new religion is you

Faith is crime
When all you love is one the line
Your script's bleeding
Incomplete and blamed for immorality

Love is nature
So you're braking with tradition
In this godforsaken land

That is you
My new religion is you
They say this love is blasphemy
It is blasphemy-It is blasphemy
But my new religion is you
That is you

Blasphemy-god is dead-blasphemy

That is you
My new religion is you
They say this love is blasphemy
It is blasphemy-It is blasphemy
But my new religion is you
That is you
