

## Forget to Forgive

Cipher System

Just a little taste, then best friends we are  
You take me in, just to spit me out again  
This time is now, my time is gone  
My freedom leaves me, a broken soul.

Every day is a struggle for survival  
In filth I subsist  
To live like this is a gift I don't possess no more  
Destination: haven.

Vindicate, a formless shape, creating its own self.  
Ominous, a future I didn't predict.

It is the reason we, forget to forgive.  
So hard to keep it in order, it is the reason we
