

## Califone

Circa Survive

Come and you will find here  
The roses have lost their glow  
The band played for too long tonight  
The soldiers, their strength left in my first town  
Califone, I love you  
But you're doing coalesce  
Califone I love you  
But you're singing Sinatra again  
Come and you will find here  
Roses have lost their glow  
The band played for too long tonight  
The soldiers, their strength left in my first town  
Califone, I love you  
But you're doing coalesce  
Califone, I love you  
But you're singing Sinatra again
