

# Passport

Circa Waves

I don't know if I'm sure  
Don't know if I'm sure  
I came through the front door  
Looking for my passport  
I'm going drinking  
I'm going drinking

And I don't see a stop sign  
So I'll be fine  
Got to think quick  
Got to look right  
I'm going drinking  
I'm going drinking

And I'm falling apart  
In the back of your car  
And I lost all my money  
When I paid for your heart  
And I'm moving my feet  
From the passenger seat  
And I said something funny  
And then walked down the street  
Goodbye  
To the good life  
Tonight

So I'm walking with my head down  
Turn my phone round  
Just to see you  
On the background  
I'm overthinking  
I'm overthinking

And I'm looking for a way to  
Replace you  
So I keep on  
And push through  
I'm going drinking  
I'm going drinking

And I'm falling apart  
In the back of your car  
And I lost all my money  
When I paid for your heart  
And I'm moving my feet  
From the passenger seat  
And I said something funny  
And then walked down the street  
Goodbye  
To the good life  
Tonight

And I'm falling apart  
In the back of your car  
And I lost all my money  
When I paid for your heart  
Goodbye

To the good life  
Tonight  
Goodbye  
To the good life  
Tonight

Goodbye  
To the good life  
Tonight
