

Something Like You

Circa Waves

The world is full of lovely happy smiling faces
Something like you, yeah
Someone said the world is up for auction so
I think it's true

So come on get in
So you know how it's been
We skated for so long
So come on get in

And all the times we're coming to and from the tower inn
And the fishing free
The trouble was we wouldn't pay the ferry man
Something like me

So come on, come in
'Cause you know how it's been
We skated for so long
So come on get in

So come on get in
'Cause you know how it's been
We skated for so long
So come on get in
Come on get in
