

# Deep Within

## Circle II Circle

Time  
Coming to an end  
Needing no reason  
No purpose that life can defend  
Don't lie  
It's there for all to see  
Despite all intentions  
We know what the ending will be  
Will we ever see

It's the only world we've ever known  
There's no telling what the future holds  
If there's something that will never end  
It's the guilt you carry deep within  
Deep within your heart

Speak  
Don't show your weakness  
Actors and players  
They all know the secret so well  
You see  
We're all just prisoners  
They always told us  
There'd always be something to trust  
Will we ever see

It's the only world we've ever known  
There's no telling what the future holds  
If there's something that will never end  
It's the guilt you carry deep within  
Deep within your heart

We never know the answers  
No one to protect us  
You can't control the present  
You'll never change the future

Somehow deep within our lives  
Somehow protect the heart inside  
Somehow leave the past behind

Leave  
Don't you hesitate  
No time for excuses  
There's no god returning today  
You'll be  
Running through the maze  
What's left of the traces  
Of life you decided to face

It's the only world we've ever known  
There's no telling what the future holds  
If there's something that will never end  
It's the guilt you carry deep within  
Deep within your heart
