

Just Like Me

Circle Jerks

It's just like me to say to you
Love me dear and I'll be true
And what I'd like for you to say
Is you'll come home to me each day

And you'll my girl, that's what I want
Just you sweet girl and not a cunt
It's just like me to feel so cool
And fall so much in love with you

Just like me, just like me
I'm your fool, that's what I'll be
Just like you to say goodbye
And leave me all alone to cry

It's just like me to say to you
Hug me dear and I'll be true
And what I'd like for you to say
Is you'll come home to me each day

Just like me, just like me
I'm your fool, that's what I'll be
Just like you to say goodbye
And leave me all alone to cry
