Relentless

Cirith Ungol

The realms of eternity calling
The hellhounds on the attack
Nothing to gain but endless pain
Relentless, primeval, and black

Relentless, the end is near
A lesson that we'll never learn
Relentless, you join them there
At misery's chaotic churn

Your prayers amounted to nothing
Your fealty nothing to show
Give us this day, our daily death
While spiraling further below

Relentless, the only fear
The lesson that we'll never learn
Relentless, a deathly stare
At misery's chaotic churn

You know the future leads nowhere
You know there's no going back
These visions are deadly
Relentless, eternal, and black

Relentless, the end is near
The lesson that we'll never learn
Relentless, come join us there
At misery's chaotic churn
