Please don't let me see/so many problems and disharmony/without knowing the

reason/without knowing th facts/and knwoing that knowing can be hard to

desire/when the opposite says "releax"/please don't let me see/ so much peace

and harmony/that I forget to use my eyes/be aware of any shadow s behind the

light/circular vision and the need to know/one says lets go eve rywhere the

other one sets the sights/please don't let me view/through so m any windows ${\tt I}$

can't see through/every depth has a surface tension/spreading the ripples in

all directions/making waves can be saying goodbye/but it's also saying here's

the reason why/pleasse don't let me see what I've seen before/w ithout noticing

the range of change/please don't let me see without looking/for nothing will

ever be strange/please don't let me see the viewpoint/without k nowing what the

background is/please don't let me see the framework/til I've se en if the pic-

ture fits/we woke up didn't feel like sleeping/we spoke up didn't feel like

keeping/the silence that hold us apart so much/as we struggle to find the

human touch/and a natural urge if discovery/checking out what w e weren't

allowed to see/looking around the reality factory
