

Oh, yeah

Who knew this small room could feel so big?
And I hate it's finally as clean as I wanted it
Can I say I miss the dishes in the sink
The complicated way you think?
Hey, who knew losing you would feel like this?

I know we moved too fast
But who said young love couldn't last?
No answer when I ask
Why you put us in the past

What's hurting me the most is I don't know why you left us, yeah
I'm trying to let go, I know I'll be fine
I promise
I can still taste every word that you've left in my bed, oh, woah, yeah, hey
I'm trying to let go, I know I'll be fine
I promise

Now I'm back to the basics
Me, myself, and my crazy
Think about you on the daily
I don't want your sympathy
Don't call my family, I don't need that energy
In the process of healing

I know we moved too fast (Know we moved too fast)
But who said young love couldn't last?
No answer when I ask (When I ask)
Why you put us in the past

What's hurting me the most is I don't know why you left us, yeah
I'm trying to let go, I know I'll be fine
I promise
I can still taste every word that you've left in my bed, oh, woah, yeah, hey
I'm trying to let go, I know I'll be fine
I promise

Oh-oh-oh-oh-oh-oh-oh-oh
Oh-oh-oh-oh-oh-oh-oh-oh
Oh-oh-oh-oh-oh-oh-oh-oh
Oh-oh-oh-oh-oh-oh-oh-oh (Oh, oh)
Who knew this small room could feel so big?
Oh, oh, oh, oh, oh

What's hurting me the most is I don't know why you left us, hey
I'm trying to let go, I know I'll be fine
I promise
I can still taste every word that you've left in my bed, ooh-ooh, yeah
I'm trying to let go, I know I'll be fine
Without ya
