

# Devil Inside

Citizen Soldier

In the middle of the night  
It's haunting me  
Whispers in the dark won't let me sleep  
In the middle of the night  
It wants my soul  
Fighting for my life but it won't let go

I see an angel, I see the devil  
Same old story that's been told  
I don't deserve grace, fought for forgiveness but I already sold my soul  
I will always be a slave to the voice inside my head  
All these monsters deep inside will not rest until I'm dead

In the middle of the night  
It's haunting me  
Whispers in the dark won't let me sleep  
In the middle of the night  
It wants my soul  
Fighting for my life but it won't let go

So throw me in the fire, fire, fire  
And leave me here to burn, burn, burn  
Throw me in the fire, fire, fire  
And leave me here to burn, burn the devil out of me

Rattle my cage  
I bury my rage so no one else will ever see  
High on the pain  
I will always be a slave to the darkest part of me  
No, I'm running out of time  
Get out while you can  
And the moon is getting high  
The beast is back again

In the middle of the night  
It's haunting me  
Whispers in the dark won't let me sleep  
In the middle of the night  
It wants my soul  
Fighting for my life but it won't let go

So throw me in the fire, fire, fire  
And leave me here to burn, burn, burn  
Throw me in the fire, fire, fire  
And leave me here to burn, burn the devil out of me

Oh, I swear to you, I tried  
Disappointment in your eyes  
Don't deserve to be set free  
So can you end my misery

In the middle of the night  
It's haunting me  
Whispers in the dark won't let me sleep  
In the middle of the night  
It wants my soul  
Fighting for my life but it won't let go

So throw me in the fire, fire, fire  
And leave me here to burn, burn, burn  
Throw me in the fire, fire, fire  
And leave me here to burn, burn, burn  
So throw me in the fire, fire, fire  
And leave me here to burn, burn, burn  
Throw me in the fire, fire, fire  
And leave me here to burn, burn the devil out of me
