

Make Hate To Me

Citizen Soldier

I hate you, you hate me
I think we both know why
So bad for each other
That don't kill the appetite
You bend me, you break me
And then we press rewind
We can't fight the hunger
Willing victims every time

Every time you cross my mind
It's like a moth drawn to the flame
I don't know why we cross that line
Guess we crave the misery

Tie me up, turn down the lights
Better look me in the eye
When you make hate to me
When you make hate to me
It's got nothing to do with love
Hearts are numb where we come from
Darling, make hate to me, don't be shy
I don't care if it takes all night

I don't care

You always tear me down
To the worst part of me
Pure anger turned passion
Tension turned adrenaline
Every time you cross my mind
It's like a moth drawn to the flame
Beaten but I crawl right back
'Cause I crave the misery

Tie me up, turn down the lights
Better look me in the eye
When you make hate to me
When you make hate to me
It's got nothing to do with love
Hearts are numb where we come from
Darling, make hate to me, don't be shy

I hate you, you hate me
I think we both know why
So bad for each other
But you're still on my mind
We get off on feeling low
We'd be better off alone
I think we're in too deep
It's 'cause we crave the misery
It's 'cause we crave the misery

So tie me up, turn down the lights
Better look me in the eye
When you make hate to me
When you make hate to me
It's got nothing to do with love

Hearts are numb where we come from
Darling, make hate to me, don't be shy
I don't care if it takes all night

(I don't care)
