

# Monster Made Of Memories

Citizen Soldier

Woke up again in the pouring rain  
I feel the windows shake, thunder in my brain  
Every thought is like a hurricane  
Destroying everything but it leaves no trace

Four walls made of skin, feeling paper-thin  
Don't know if they can take what they're holding in  
It's death threat deja vu, out for blood again  
It's out for blood again (It's out for blood again)

I'm a cage, I'm a prison for what no one sees  
Ashamed like I'm sleeping with the enemy  
No one believes me but I'm six feet deep  
With a monster made of memories  
It's alive like a parasite inside of me  
And it feeds on the trauma of what used to be  
But there's no shred of evidence 'cause I don't bleed  
From this monster made of memories

Monster made of memories  
Monster made of memories

My darkest hour made a creature  
That feeds on the fear of everything I can't forget  
It walks beside me, gun against my head  
So I live terrified, till I've paid the debt

Four walls made of skin, feeling paper-thin  
And I know they can't take what they're holding in  
It's death threat deja vu, out for blood again  
It's out for blood again (It's out for blood)

I'm a cage, I'm a prison for what no one sees  
Ashamed like I'm sleeping with the enemy  
And no one believes me but I'm six feet deep  
With a monster made of memories  
It's alive like a parasite inside of me  
And it feeds on the trauma of what used to be  
But there's no shred of evidence 'cause I don't bleed  
From this monster made of memories

Up all night 'cause I can't sleep  
With a monster made of memories  
Keeps me scared so it can feed  
It's a monster made of memories  
Up all night 'cause we can't sleep  
With a monster made of memories  
Keeps us scared so we won't speak  
It's a monster made of memories
