## Citizen Soldier

I'm a suicide note  
I'm a suicide note

Tell me "just get over this" one more time  
Say it to my face, I dare you, cross that line  
You couldn't take the demons I've been forced to hide  
If you keep on running your mouth, I'm gonna lose my mind

Suicide note  
I'm a suicide note

'Cause I'm a different kind of hell  
Stuck in a story I can't tell  
I'm a suicide note that no one sees  
I'm a suicide note that no one sees  
Living in a life that shows no love  
Stomaching scars that just get judged  
I'm a suicide note that no one sees  
Fighting every word that's left in me

Suicide note  
I'm a suicide note  
Suicide note  
I'm a suicide note

Stop pretending like you know me and what I've been through  
The more you talk instead of listen, you just hang my noose  
I'm from a twisted place you'd never understand  
You'd be out looking for a ledge if you were dealt this hand  
"Haha, that's dark..."

'Cause I'm a different kind of hell  
Stuck in a story I can't tell  
I'm a suicide note that no one sees  
I'm a suicide note that no one sees  
Living in a life that shows no love  
Stomaching scars that just get judged  
I'm a suicide note that no one sees  
Fighting every word that's left in me

Every day I risk my life but no one cares about mine  
Seen the bodies got the trauma stuck inside of my mind  
Every day I'm on a ledge, walking a delicate line  
Can't look down 'cause I'll remember everything that's behind

'Cause I'm a different kind of hell  
Stuck in a story I can't tell  
I'm a suicide note that no one sees  
I'm a suicide note that no one sees  
Living in a life that shows no love  
Stomaching scars that just get judged  
I'm a suicide note that no one sees  
Fighting every word that's left in me

Suicide note  
I'm a suicide note  
Suicide note

I'm a suicide note
