

Bulletproof

Citizen Way

I used to live like I was under attack
Dodging arrows from my past
I had no hope for tomorrow

Felt so much pressure yes I thought I would crack
But now there's no looking back
I'm moving forward 'cause I know

I got my armor now
No fear no doubt can shoot me down
I got my armor now
No fear no doubt gonna shoot me down
Down down down down down now I'm

Bulletproof because of you You
Because of You
And now I'm bulletproof because of you You
Because of You

Your love made a way
Now I'm not afraid
No matter what the world may say or what they do I am
Bulletproof because of you You, because of You you you

I know You got this whole thing under control
My soul is untouchable because
You've already won me

My victory is not in this flesh and bone
It's in the cross and I know
Nobody's taking it from me

I got my armor now
No fear no doubt can shoot me down
I got my armor now
No fear no doubt gonna shoot me down
Down down down down down now I'm

Bulletproof because of you You
Because of You
And now I'm bulletproof because of you You
Because of You

Your love made a way
Now I'm not afraid
No matter what the world may say or what they do

I am bulletproof because of you You, because of You you you

And I don't have to fear no more, worry no more
And I don't have to fear no more, worry no more

And I don't have to fear no more, worry no more
And I don't have to fear no more, worry no more

Bulletproof because of you You
Because of You

And now I'm bulletproof because of you You
Because of You

Your love made a way
Now I'm not afraid
No matter what the world may say or what they do

I am bulletproof because of you You, because of You you you

I don't have to fear no more, worry no more
I don't have to fear no more, worry no more

I don't have to fear no more, worry no more
I don't have to fear no more, worry no more
