

Forgiven

Citizen Way

You might think that you are too far gone to ever be saved
But I know of someone who can wipe away the stains
There is nothing you have done
That isn't covered by the one
Who died as if to say
You're forgiven

For all the wayward ones who fell away there is amazing grace f
or us
And He promises to never separate His love

There is nothing you have done
That isn't covered by the one
Who died as if to say
You're forgiven
On that cross as he hung
He made it possible to come
To the place where we might say
I'm forgiven

On that cross He took our place
And paid for us the great mistake
And how I long to see His face
And hear the Father say
Here Him say

There is nothing you have done
That isn't covered by the one
Who died as if to say
You're forgiven

There is nothing you have done
That isn't covered by the one
Who died as if to say
You're forgiven
On that cross as he hung
He made it possible to come
To the place where we might say
I'm forgiven
I'm forgiven
I'm forgiven
