Citizen Way

I got my praise on  
Woo, let's go

I got my praise I got my praise I got my praise on  
I got my praise I got my praise  
I got my praise I got my praise I got my praise on  
I got my praise I got my praise

Waves crashing on the coastline  
Trees bumping in the breeze  
Feels a whole lot like I got a God who's got a hold on me  
Birds humming that new song  
I'm thinking of your grace  
The joy that you bring to me is like the sun shining on my face

When you think you're on your own you're not alone  
And you can say

The glory of God will be the light by which I walk  
Giving me what I need to face the day  
And the way that He loves gives me hope from above  
Now all I want to do is praise (praise!)

I got my praise I got my praise I got my praise on  
I got my praise I got my praise  
I got my praise I got my praise I got my praise on  
I got my praise I got my praise

Flowers blooming full of color  
The sea waving to the sand  
My soul is dancing cause I know you got me in your hands

When you think you're on your own you're not alone  
And you can say

The glory of God will be the light by which I walk  
Giving me what I need to face the day  
And the way that he loves gives me hope from above  
Now all I want to do is praise (praise!)

I got my praise I got my praise I got my praise on  
I got my praise I got my praise  
I got my praise I got my praise I got my praise on  
I got my praise I got my praise  
Praising even in the rain  
Praise him every day I wake  
No matter what's going on, I'll praise

Don't matter how long I run this race  
Won't stop until I see his face  
Then I'll bow before my God and praise

The glory of God will be the light by which I walk  
Giving me what I need to face the day  
And the way that he loves gives me hope from above  
Now all I want to do is praise

I got my praise I got my praise I got my praise on  
I got my praise I got my praise  
I got my praise I got my praise I got my praise on  
I got my praise I got my praise  
I got my praise I got my praise I got my praise on  
I got my praise I got my praise
