

Revival

Citizen Way

Renew in me a steadfast spirit
Where faith is more than what is seen
Where mountains move and darkness trembles
Only You can heal my unbelief
Start a revival in me
Start a revival in me
So strong so bright that the world will see Your light
Start a revival in me
A revival a revival
Apart from You I can do nothing
Replace my fear my doubt with truth
Make my desire just this one thing
What more is there than more of You
More of You
Hallelujah
