

Let Me Out

Citizen

Let me out
I don't sing for yesterday
I woke up feeling good
I put my best shoes on today

Keep me in the dark
I love a good game
I always want to feel this way

Come on, turn me on
I need some hate to keep me sane
Don't want your small talk
Just want to hit you right in the face
I get my point across
Then I remind you every day
I woke up feeling good
I put my best shoes on today

Baby, leave the light on
I love the way I look
I always want to feel this way

Let me out
Let me out
I woke up feeling good
I put my best shoes on today

Baby, leave the light on
I love the way I look
I always want to feel this way
