

Love Light

Citizens

Bright eyed and looking on, it doesn't
Doesn't matter if I'm right or wrong
Because there's nothing I can do to change the ending
This life is just beginning
Falling down but growing up, I'm rising
On the wings of a miracle dove
It's better than the best that I imagine
More than just some magic

I'm walking in the light
I'm seeing in the light
I'm following the light
I'm growing in the light
I'm running in the light
I'm carrying the light
I'm covered in the light
(Lovelight, lovelight, love)
I'm living in the lovelight

Oh oh oh, unlimited sunshine
Oh oh oh, I'm living in lovelight

Burned out or letting go, I'm always
In the middle of a miracle
Yeah you're the reason I can hope beyond tomorrow
Head up, and moving onward
Slip back but standing up, I'm feeling
So alive but you already know
Whether hiding in the clouds or down in darkness
You are where my heart is

I'm walking in the light
I'm seeing in the light
I'm following the light
I'm growing in the light
I'm running in the light
I'm carrying the light
I'm covered in the light
(Lovelight, lovelight, love)
I'm living in the lovelight

Oh oh oh, unlimited sunshine
Oh oh oh, I'm living in lovelight
Oh oh oh, unlimited sunshine
Oh oh oh, I'm living in lovelight

I don't need the world
Take it all
I'm more than just on fire
What could take me higher?
I don't need the pearls
Let 'em fall
It's more than a desire
Show me something brighter

Oh oh oh, unlimited sunshine
Oh oh oh, I'm living in lovelight

Oh oh oh, unlimited sunshine
Oh oh oh, I'm living in lovelight
