Citizens

Come on, come on it's not too late  
I'll be a friend in this deathly place  
I will hold your hand, I will shield your eyes  
I will take the blame when you realize

Man has made a monster out of us  
I've seen in your eyes it's obvious  
the more we look around, the more we see  
that it's really made a monster out of me

If you are lost, if you are out  
of this frightened mind i will lead you home  
through the maze of the night  
Come on, come on don't hesitate  
I will be your friend in this heavenly place

Man has made a monster out of us  
I've seen in your eyes it's obvious  
the more we look around, the more we see  
that it's really made a monster out of me

I look into your eyes, it's obvious  
Man has made a monster  
Man has made a monster  
Man has made a monster out of us

Man has made a monster out of us  
I've seen in your eyes it's obvious  
the more you look around you know it's true  
that it's really made a monster out of you!
