

When We Pray

Citizens

For my brothers and my sisters feeling low
For the orphan longing desperately for home
For the broken ones who don't know where to go
In Jesus name there is hope

For the mothers and the fathers on their knees
For the sons and daughters trapped in slavery
For the anxious heart that's fighting for some peace
In Jesus name you are free

In Jesus name
Amen
In Jesus name
Amen
In Jesus name
There's nothing He can't do
When we pray
In Jesus name

For the world to know they're loved through sacrifice
For the church to leave the room and testify
For the streets to flow with justice changing lives
In Jesus name, come alive

In Jesus name
Amen
In Jesus name
Amen
In Jesus name
There's nothing He can't do
When we pray
In Jesus name

The only name who stands alone
The only name that is unrivaled
The only name that is on the throne
The name of Jesus

The only name that we believe
The only name all creation sings
The only name for eternity
The name of Jesus

In Jesus name
Amen
In Jesus name
Amen
In Jesus name
There's nothing He can't do
When we pray
In Jesus name
When we pray
In Jesus name
When we pray
In Jesus name
