

Difficult Love

City and Colour

What if I
What if I have nothing left
To heal you with?
I must stay calm
Keep my head
Then start again
Work until the bitter end
Slowly let the light shine in
I'm wide awake and I can see

This mess I have made
Will not fade away
But I wouldn't change it
For the world
No matter how far I go
I will find my way back
Through this difficult love

Days gone by
When we were so young and fearless
We'd pay no mind
To the richness of our time
We were running wild
Diamonds shining in our eyes
Not a hardship in sight
Maybe when I stop dreaming
I'll see

This mess I have made
Will not fade away
But I wouldn't change it
For the world
No matter how far I go
I will find my way back
Through this difficult love

I will find my way
Through this difficult love
