Take Care

City and Colour

Take better care
Of yourself, my friend
For, you never know
When it will all
Come to an end

Cause only time will tell When death shall ring his bell So take better care Of yourself, my friend

Cause you are a single grain A mere molecule Mistaken for a king You're only a simple fool

I will provide you With a reason to believe I will not desert you In your time of need

And so sudden the winds change And so sudden you lose your faith I will provide you With a reason to believe

Cause you are a single grain A mere molecule Mistaken for a king You're only a simple fool

So take, better care
Of yourself, my friend
Take better care
Of yourself, my friend
