

# Cold And Grey

## City Lights

I just wanted to let you know  
Just how beautiful you are on the outside  
'Cause inside you're cold and grey  
Like Ohio in February  
I don't know what made you this way  
But you suck the life right out of me  
I gave you everything  
You threw it all back in my face

It's hard enough to keep my head above the water  
Without you trying to pull me down  
Why is it that you always have to be the cement on my feet  
When I'm trying to swim

But I've got my strength and my will to carry on  
Is the only thing keeping me from sinking

I just wanted to let you know  
Just how beautiful you are on the outside  
'Cause inside you're cold and grey  
Like Ohio in February  
I don't know what made you this way  
But you suck the life right out of me  
I gave you everything  
You threw it all back in my face

It's bad enough that nothing ever goes right  
When I'm doing everything I can to make things work  
But there you are turning sunshine into rain  
Turning positivity to pain

But I've got my strength and my will to carry on  
Is the only thing keeping me from sinking

I just wanted to let you know  
Just how beautiful you are on the outside  
'Cause inside you're cold and grey  
Like Ohio in February  
I don't know what made you this way  
But you suck the life right out of me  
I gave you everything  
You threw it all back in my face

You threw it all back in my face

We don't need you around anymore  
We don't need you around  
We don't need you around anymore

But I've got my strength and my will to carry on  
Is the only thing keeping me from sinking

I just wanted to let you know  
Just how beautiful you are on the outside  
'Cause inside you're cold and grey  
Like Ohio in February  
I don't know what made you this way

But you suck the life right out of me  
I gave you everything  
You threw it all back in my face
