

## If We Move On

City Lights

We've been pushing each other's buttons for far too long  
I don't know how much more I can take  
I don't know how much longer I can take  
I know that we've had some good times in the past  
I can't believe it went by so fast  
Now here we are two completely different people

If this is how it's gonna be  
Then count me out, I swear I'll leave  
Please tell me you'll be alright

I hope that this doesn't come as a shock to you  
But I just don't know what else I can do  
It hurts me as much as it hurts you  
But it'll be for the best in the end

If this is how it's gonna be  
Then count me out, I swear I'll leave  
Please tell me you'll be alright  
This is how it has to end  
It's much too late so don't pretend  
Just tell me you'll be alright without me

We've grown apart and now it's too late  
To put the pieces back together  
I don't even know you anymore  
Let's get this over with  
Before we hurt each other more than we have to  
It's better for us both if we move on  
If we move on

If we move on

If this is how it's gonna be  
Then count me out, I swear I'll leave  
Please tell me you'll be alright  
This is how it has to end  
It's much too late so don't pretend  
Just tell me you'll be alright without me

If this is how it's gonna be  
Then count me out, I swear I'll leave  
Please tell me you'll be alright without me
