

MAKE IT DISAPPEAR

City Morgue

Thraxx

It's no fear, kid (It's no fear)
I'll make you disappear, kid (You'll disappear)
That noise up in your ear, kid (Up in your ear)
I pull up, hop out, gun in the mouth
It's no fear, kid (It's no fear)
I'll make you disappear, kid (You'll disappear)
That noise up in your ear, kid (Up in your ear)
I pull up, hop out, gun in the mouth

On my block, three o'clock, I'm out here servin' the fiends
I'll - if he wants to intervene (What's up?)
Then get arrested, just off of my fuckin' demeanor (Huh?)
Give your mama drugs, then turn that bitch to a leaner
Ayy, your Rollie Plain Jane and my fuckin' watch
It fuckin' rocks like Kurt Cobain, I'll go out with a bang
Nigga said my name, put him in the ground
And he had a shallow grave, and you can get the same

It's no fear, kid (It's no fear)
I'll make you disappear, kid (You'll disappear)
That noise up in your ear, kid (Up in your ear)
I pull up, hop out, gun in the mouth
It's no fear, kid (It's no fear)
I'll make you disappear, kid (You'll disappear)
That noise up in your ear, kid (Up in your ear)
I pull up, hop out, gun in the mouth (Ah, Sleezy)

Listen here (Doo-doo-doo-doo)
I just got my stick in here (Boom boom)
I just make you disappear (Fuck outta here)
I just fuck ya bitch in here (Slide, slide)
Listen, bitch, I'm rich in here (Mula)
I be switchin' different gears (Skrrt, skrrt)
I be switchin' different years (Skrrt, skrrt)
Man, you bitches, bitches weird (Fuck outta here)
Man, you niggas, niggas queers (Fuck outta here)
I be droppin' different tears (Boom boom)
I just chopped this bitches ear

Drop the top on Collins, wildin'
Glocks on Glocks and automatics (Boom)
Got my watch with no deposit (Mula)
Pocket, pocket, pocket rocket (Doo-doo-doo-doo)

It's no fear, kid (It's no fear)
I'll make you disappear, kid (You'll disappear)
That noise up in your ear, kid (Up in your ear)
I pull up, hop out, gun in the mouth
It's no fear, kid (It's no fear)
I'll make you disappear, kid (You'll disappear)
That noise up in your ear, kid (Up in your ear)
