

## Using Someone Else

CIV

Live your life like shoots and ladders  
It never hurts to cut a throat or two  
The little people don't really matter  
It's just a means to an end  
They're just a means to an end to you  
Now I~ know the truth is always the furthest thing from you  
Now I know I can't believe a single word you say

You're using someone else  
You're so proud of yourself  
Now you're using someone else  
"Cause people don't mean shit to you"  
Now you're using someone else

I want to ask you something  
"Do you like to do the things you do?"  
I want to ask you something  
"Does the guilt even bother, does the guilt even bother..."  
"You want to take the means by which we live you're always looking for some way  
To make a deal, make a deal, make a deal  
How does it feel not to make it on your own

You're using someone else  
You're so proud of yourself  
Now you're using someone else  
'Cause people don't mean shit to you  
Now you're using someone else

You look for someone who  
Will blindly put their trust in you  
Easy prey is a vulture's fuel  
What makes you think the world revolves around you?

I know it'll never be me  
No it'll never be me  
Yeah you got something to prove  
When you take no risks,  
You got nothing to lose  
To Lose!
