

When, When

Civil Twilight

Wanna see the lights in your eyes
I wanna see the shadows on your face
I wanna see the mountains that you climb
I wanna see the rivers that you chase
Wanna lose, wanna lose
Wanna lose myself again
Something this beautiful should never go without a friend

When, when
When am I gonna see you again
When, when
When am I gonna see you again

Late September
I heard myself on the radio
There's a first time for everything
And then there's a time to go
So you walk through those doors
And you got on that airplane
And the question that's saying in my brain

When, when
When am I gonna see you again
When, when
When am I gonna see you again

I will be who I always was
I'll be who I've always been
A captain on the waves
A leaf in your ear
Nothing's the matter
It's just a matter of time
Even know that there's not a soul in the world
That can tell me when or why

When, when
When am I gonna see you again
When, when
When am I gonna see you again
Tell me when, when
When am I gonna see you again
When, when
When am I gonna see you again
(When am I, when am I, when am I)
When, when
When am I gonna see you again
(Tell me, tell me)
When, when
When am I gonna see you again
When am I, tell me now
Tell me when
When am I gonna see you again
(Tell me when am I)
