Baby
I'll turn on the music of eighties
So, go with the flow, dance like a daydream
This feeling of becoming dizzy, like it
First time
Halo of you that captivated me
You're so dazzling that it hurts
The two of us are quietly intertwined, as if you don't know
The gap of getting closer between us

It goes to extremes in an instant
Love or hate, it can be ugly

Now, either embrace me or
Become my enemy
It's either between these two so
It can't be simpler, right?
My baby, you're killing me
Or baby, you're healing me
There are two choices
Depending on your answer, we'll be lovers or enemies

Love, love, love, love
Love, love, love, love in your ears
You know right? Lovers or enemies

Action, horror, comic, noir
Drama, romance, even if I list
Them all, I don't mind
It's possible only when with you
Still, there is a correct answer among them
So, guess what I like
I wonder what choice will come out from
Your tips of slightly moving lips

The wrong answer is rather
Love or hate, it can be ugly

Now, either embrace me or
Become my enemy
It's either between these two so
It can't be simpler, right?
My baby, you're killing me

Or baby, you're healing me
There are two choices
Depending on your answer, we'll be lovers or enemies

Love, love, love, love
Love, love, love, love in your ears
You know right? Lovers or enemies

For real, I hope your every breath
Is mine, so please
Will you let me know until we get tired
Honestly, you drive me crazy, yeah

Now, either embrace me or
Become my enemy (Yeah)
It's either between these two so
It can't be simpler, right? (Right)
Listen, it's so easy (So easy)
If not by my side forever (By my side forever)
It's tragedy
Which would you rather?
Lovers or enemies

Love, love, love, love (Love)
Love, love, love, love in your ears (Yeah)
You know right? Lovers or enemies
