

# Doubt It

CJ FLY

Touching my squad  
I doubt it  
Taking my broad  
I doubt it  
They don't want war  
I doubt it  
They go this hard  
I doubt it  
These niggas claim its real life in their song  
That's word to my moms  
I doubt it  
New Rappers trash  
Hiding behind beats  
Cause they don't got bars  
I doubt it

I'm pretty sure most of these suckers  
Ain't really at all what they claiming to be  
Know these fans are so gullible sell em the story and that's how you make em  
believe  
I grew up around liars and cheaters so hearing you lies bout life ain't new  
to me  
Niggas doing real crimes and you getting some time ain't the thing that's go  
ne make you a g  
Won't get it if you ain't from the streets  
By example the way I'm able a teach  
I get jammed up I ain't gonna speak  
Heard some things that I ain't gone repeat

Cause most niggas fold when they under heat I don't got it in me to crease  
Tryna get all my figures increase  
And I pray all my niggas get free

Pour some hen for my niggas 6 ft  
You keep digging your hole  
Keep your mouth close  
Or shit gone get deep  
Protection's an arm lengths away because I gotta keep it in reach  
Watch myself round niggas like you can't take a spot circle get breached  
That's a just a warning capeesh
