

Got familiar with Myspace like I was Tom  
Always knew that I was great and I could rhyme  
Time to eat I went to fast like Ramadan  
I'm a rudebwoy I'm a shotta I'm a don  
You a rookie I'm a pro and I'm con  
I just got me three passes for COMECON  
My phone busy nigga please don't hit my line  
Diamond in the rough I just don't get my shine  
How'd I make it where I am made took my time  
Acting like you won't get touched I'm not a mime  
Changed my path I could have lived a life of crime  
Only 25 yet I'm still in prime  
Getter better as I age my style is wine  
Year of the pig but I done with eating swine  
Feel like Malcolm clutching peaking thru the blinds  
Touched my first gun at the tender age of 9

Wonder how I made it trust it took some patients  
Most these niggasfaking it until they make it  
Most these bitches famous from them getting naked  
People would do anything to get paycheck

Wonder how I made it trust it took some patients

What would you do?  
Tell me the truth
