

Yeah yeah yeah yeah yeah yeah
Yeah yeah yeah yeah yeah yeah

FLY!

When I was a puppy I was chasing tail
In and out them waters like a navy seal
(Yeah, yeah)
I was just a player and was in the field
If you give it to me I won't kiss and tell
(No I won't)
I won't tell a soul I'll keep it to myself
Always picking up soon as I hit her cell
When I can't pull up she always give me hell
I don't go out much cause I be in my shell

That mean you don't got a thing to worry bout
I don't share my business cause they run their mouths
Just so they could spread the tea all over town
Crazy what some people would do for the clout

I could never give up my integrity
Girl you know that's not my type of energy
I'm just tryna love you til infinity
know just how you feel, we call that empathy

can't do things that make you wanna runaway
Give you a few samples if you want a taste
I'll make you feel at home I hope you wanna stay
If they find out about us what they gonna say

Don't worry bout a thing
I'll ride for you, you ride for me
Know we both like our privacy
If they find out we'll cop a plea

Don't worry bout a thing
I'll ride for you, you ride for me
Know we both like our privacy
If they find out we'll cop a plea

When I was a puppy I was chasing tail (Yeah, yeah)
In and out them waters like a navy seal
(Yeah, yeah)
I was just a player and was in the field
If you give it to me I won't kiss and tell
(No I won't)
I won't tell a soul I'll keep it to myself (Yeah, yeah)
Always picking up soon as I hit her cell (Yeah, yeah)
When I can't pull up she always give me hell
I don't go out much cause I be in my shell

I can't even front I always wanted someone like you
Know a bit of everything because you smart and so insightful
Said she had a troubled past and always worried what I might do
I'll be super honest with you like my hand was on the bible

Even though we practice IFA
Thanking the Orishas
And I pray we go far
I'll keep playing my part
Like I got a lead role
Baby girl you a star
Gotta give em a show
Cause you know they gone watch
Clocking all of our moves
Waiting for us to lose
That's why my lips ain't loose
Let em watch from the pews
We can't share our good news
That's like giving em fuel
Specially if we ain't cool
No matter what they gone hate
I know wassup cause they fake
don't give a fuck what they say
you know with you I don't play
If they do they gone pay
Do whatever it takes
I don't do real estate but
Nobody taking your place

When I was a puppy I was chasing tail
In and out them waters like a navy seal
(Yeah, yeah)
I was just a player and was in the field
If you give it to me I won't kiss and tell
(No I won't)
I won't tell a soul I'll keep it to myself
Always picking up soon as I hit her cell
When I can't pull up she always give me hell
I don't go out much cause I be in my shell
