

## Q&A

CJ FLY

I see you in the picture not because you photogenic, I said it  
No other chick can fuck with your aesthetic, we beggin'  
For a segment, I just think that it's pathetic  
I kid, we can get it, no pretendin'  
Something come between us, it can happen if you let it  
Like [?] we control it, playing tennis  
We can be self-centered, whenever, it's whatever  
Just don't ask why your organs feelin' like they bein' touched  
Shorty really being afraid I cheat, but she got fear in me  
That another side of me that she a-scared to see  
After my lips, her favorite thing my chin, hair, and teeth  
Let me know when you got time to spend for free  
Watch this as the clock tick, I realize how much you got thick  
Killin' the scene, where is the Oscar?  
Someone call the cops up  
Tell 'em they might need the [?] cause it could be toxic  
This thick skin hot, guess we're tenderloin  
I'm makin' her sweat and I'm makin' her moist  
Get a hotel room that's vacant, your choice  
Never got dismantled, she got destroyed  
Ain't tryin' to make you know me but myself is bein' deployed  
I do my job well while you make me wanna ploy  
You a warrior, my man, you the type she avoid  
Love my music, but she couldn't match my age with the voice

I said ladies put your hands up  
I pour my heart inside these stanzas  
What can I say? My sign's a cancer  
Got some questions to ask her  
And I just hope she answers

I said ladies put your hands up  
I pour my heart inside these stanzas  
What can I say? My sign's a cancer  
Got some questions to ask her  
And I just hope she answers

Put you close to me  
This is how we s'posed to be  
Listen to some Jodeci  
Then fuck all night then go to sleep

Put you close to me  
This is how we s'posed to be  
Listen to some Jodeci  
Then fuck all night then go to sleep

Whenever you're around I forget how to talk  
On my mind so much can't get you out my thoughts  
Now they sayin' a transplant, I still have your heart  
You might've crossed the line when I said "Don't start"  
Disqualification, it's all triggered now cause you flow in my mind like [?]  
You got me floatin, I was hoping later raw-baby-  
dog you and Fly could do some pollination  
I swear I've seen it all based on experience  
Marriage is a life sentence, plus a period  
Sick thoughts live alone, but I care and this

[?] I'll get us one  
Yea, maybe cop some drinks or five  
Baby girl, relax your mind  
You're looking so fine  
Let me see your thighs, girl

I said ladies put your hands up  
I pour my heart inside these stanzas  
What can I say? My sign's a cancer  
Got some questions to ask her  
And I just hope she answers
