I can't put my finger on it, guess I'll never get you though  
I got you and we'll always, hope I don't sound to possessive  
Girl I know that we just met, I could already tell you special  
Spent a couple hours with you, could already say I miss you (Sway)

You the type of a girl that makes me want to cuff you  
You the type of a girl that makes me want to love you  
You the type of a girl I bring home to my mother  
You the type to like to leave a nigga fucked up  
You the type to make a nigga want to cuff you  
You the type to make a nigga want to love you  
You the type of a girl I bring home to my mother  
You the type to like to leave a nigga fucked up

[?] flowers, I love everything about her  
Every time I think about her, smell like she just hit the shower  
Any love song that I write from now on gonna be about her  
If I didn't take the chance to talk to her, I'd be a coward  
MJ song you make me want to [?] you make me wonder  
When I'm gone [?]  
Magic spell [?]  
I can't trust myself and that's the first thing that I chose to want to

Makes me feel things that I never felt  
Love the way that you keep it real  
For everything you doing, I do anything for you  
Even when you in the mood, I can get you in a new  
Don't got to sip, my lips be sealed  
Ain't a snack, you just a meal  
Ain't trying to be rude, had to hit you out the blue  
Miss your company and checking to see if you had some moves  
Treat me good so I know she really likes me  
Throws it back like she was trying to be my wifey  
We millennials, we stay talking through IG  
Shorty always smell so good she got good hygiene  
She looks good on there but way better in person  
Her personality you can't see on the surface  
Let me focus tell me that I got a purpose  
Too good to be true I swear she really perfect

Guess you the type  
Guess you the, you the type, guess you the type  
Guess you the type  
Guess you the, you the type, guess you the type  
Guess you the type
