You dey for my mind
Wherever I go I dey think of you
I want this for life
I don't know tomorrow
But I wanna spend it with you
Uh oh

I wanna be by your side
I wanna be by your side
I couldn't make a decision before
But right now I don decide
I wanna be by your side
I never wanna see you cry
If na lie I dey lie make I kpai
If na lie I dey lie make I kpai

Iyo gidi gbo
To the front to the back to the front ah
I make everybody boogie down ah
It's a vibe when I come around ooh
From the bed to the floor
To the bed to the floor
To the floor ah
Lemme love your body down ah

I couldn't make a decision before
But right now I don decide
I wanna be by your side
I never wanna see you cry
If na lie I dey lie make I kpai
If na lie I dey lie make I kpai
