

IT'S TRUE

CKay

Fire and kerosene, melanin
All this body for one person?
Slow whine slow whine
I'll be there no matter what
Two marathons no go finish my energy
I be mad person
You too fine, too fine
But you too stubborn
Me I get the thing wey go make
A woman leave her nigga o
Me I get akpuruka (strong) something
Akpuruka (strong) something ya yo yo
I know sey you hear many things
And you want to find out if it's really true
Is it really true?

It's true
It's true

Boy I know you wana
See the way it feels
When I put it on ya
If I let you take the wheel
Dil Deewana (heart is crazy)
No lie, no lie
I be on your conscience
Dheere Dheere (slowly slowly)
Guzre raat (night passes)
Need to see just what you got
Me hear you talk a good game
When its time to play can you sustain?
Cuz if so...
We about to see once I let you follow me to the floor...
Me have the ting
Have your ex girl stalking me on the low...
See my body on goals
If you know to control
Then please Jaane do... (baby leave it)
Cuz ur not the only one that wana know if its true!

It's true
Dheere dheere Baatein (slow slow words)
It's true
Bheegi bheegi raatein (rainy rainy nights)
